#### “Literacy Connections” (for 4 - 6 year-olds) **Tuesday 1-2pm, Thursday 2-3pm**

This summer’s reading and writing workshop brings literature to life! During each class we’ll dive into a favorite book that will inspire and encourage reading and a love for literature. Reading comprehension, sequencing a story, shared reading, sight word recognition and printing activities combine to make this an active reading and writing workshop.

#### “Cooking with Barnaby Bear” (for 3 - 6 year-olds) **Tuesday 1-2pm**

Kensington’s beloved Barnaby Bear loves to cook and share tales of his travels. In this class, our little chefs join Barnaby to make and enjoy culinary delights from around the globe. Diverse cultures and traditions come to life as children measure, pour, stir, bake, and taste.

#### “Reading Strategies” (for 4 - 6 year-olds) **Tuesday 2-3pm, Wednesday 1-2pm**

Kensington is offering an exceptional opportunity for children to benefit from a repertoire of strategies from a SKILLED READING SPECIALIST. Reinforcement with letter/sound mechanics, phonemic awareness, and spelling patterns are just a few strategies to purposeful decoding and unlocking reading comprehension. This class is designed for children that have a basic understanding of letters and their sounds.

#### “Wide World of Sports” (for 3 - 6 year-olds) **Wednesday 1-2pm**

What says summer more than sports?! Join our team as we hone our skills! Our amateur athletes will practice a new sport each session- **t-ball, soccer, kickball, football and more** - in this busy class. We’ll learn the basic rules, do simple drills and enjoy playing the game. It’s never too early to enjoy the great feeling of teamwork!

From Fish Math to Flower Math, summer is full of endless mathematical opportunities to reinforce our core math skills while having fun with numbers and friends!

#### “Under the Trees, Art and Me” (for 3 - 6 year-olds) **Thursday 1-2pm**

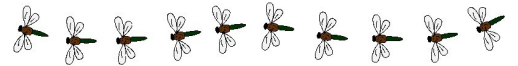

Art and nature collide in this class! Our young artists will enjoy **painting at outside easels, photographing summertime images, molding clay into summer sculptures** and **discovering nature through art**.
